

Firefighters' Pension Scheme 1992

Ill-health certificates and related documents

Medical Certificate A	Certificate for use in the case of a serving FPS 1992 firefighter member where a medical opinion is required in accordance with Rule H1 for the FRA's consideration of an ill-health award under Rule B3.
Medical Certificate A (annotated)	Annotated version of Certificate A to explain the inclusion/exclusion of various sections and points
Medical Certificate A Notes on completion	These Notes explain to the FRA and the IQMP, the information that should accompany Certificate A when given to the IQMP, and the method of completion. They can also be supplied to the firefighter if he/she wishes to have the relevant background information.
Medical Certificate B	Certificate for use in the case of a person who has entitlement to a deferred pension, either as a former firefighter who left FPS 1992 or as a serving firefighter who opted out of FPS 1992. (In the latter case the certificate could possibly be used for purposes of deciding whether or not the firefighter should be dismissed on ill-health grounds.) It may also be used where a person had an ill-health pension terminated on review and the person's health has deteriorated to the point where it may be possible to put the deferred pension into early payment
Medical Certificate B (annotated)	Annotated version of Certificate B to explain the inclusion/exclusion of various sections and points
Medical Certificate B Notes on completion	These Notes explain to the FRA and the IQMP, the information that should accompany Certificate B when given to the IQMP, and the method of completion. They can also be supplied to the firefighter if he/she wishes to have the relevant background information.
Medical Certificate C	Certificate to use after a medical opinion has been supplied in Certificates A, B, D or E, and the person produces new medical evidence which the FRA agree can be presented to the IQMP with an invitation to reconsider his/her opinion.
Medical Certificate C (annotated)	Annotated version of Certificate C to explain the inclusion/exclusion of various sections and points
Medical Certificate C Notes on completion	These Notes explain to the FRA and the IQMP, the information that should accompany Certificate C when given to the IQMP, and the method of completion. They can also be supplied to the firefighter if he/she wishes to have the relevant background information.
Medical Certificate D	Certificate for use in the case of review of ill-health award
Medical Certificate D (annotated)	Annotated version of Certificate D to explain the inclusion/exclusion of various sections and points
Medical Certificate D Notes on completion	These Notes explain to the FRA and the IQMP, the information that should accompany Certificate D when given to the IQMP, and the method of completion. They can also be supplied to the firefighter if he/she wishes to have the relevant background information.
Medical Certificate E	Certificate for use in the case of review of a deferred pension paid early on grounds of ill-health
Medical Certificate E (annotated)	Annotated version of Certificate E to explain the inclusion/exclusion of various sections and points
Medical Certificate E Notes on completion	These Notes explain to the FRA and the IQMP, the information that should accompany Certificate E when given to the IQMP, and the method of completion. They can also be supplied to the firefighter if he/she wishes to have the relevant background information.
